Bison meat is the nutried-rich meat you know.

*No other meat contains so many important & healthy nutrients,
in a high concentration like bison.*

*In addition, it has a large proportion of good, easily splittable proteins,
vitamins, especially thiamine, iron, zinc & selenium.*

*Fine fat inclusions ensure an excellent taste so the bison meat
remains juicy while frying.*

cooking time ca. 30minutes

*Filet of bison in meadow hay cooked
with broad beans & mangold involtini on roast
reduction & potato souffle*
